

STOP FRACKING ALBERTA!

Other Canadians are under the impression that Albertans are
“Okay with Fracking.”

We need to show this Government and the world that this is not the case!

JOIN US ON TUESDAY APRIL 22ND - EARTH DAY

12 NOON TO 2 PM

NEAR THE PREMIER’S OFFICE IN MCDUGALL CENTRE:

455 - 6 St. S.W., CALGARY

**We will walk peacefully along the sidewalk bordering the Centre,
carrying our home made placards.**

We will use no abusive or profane language.

We will break no rules of civilized behavior.

We will not block the sidewalk

By doing this, we will tell the ruling party what we think of multi-stage,
high pressure horizontal hydraulic fracturing (fracking).

Some suggestions for placards include:

OUR CHILDREN NEED A CLEAN ENVIRONMENT

STOP THE FRACK ATTACK

RENEWABLE ENERGY NOW

STOP FRACKING OUR WATER

STOP FRACKING OUR AIR

Or whatever you choose to say.

We are Albertans. This is Our Province and Our Shared Future

BE THERE, IF YOU CARE

On Wednesday, April 16, we will provide help in making placards

6:00 to 8:30 P.M. at Weedon Pioneer Hall

Immediately West of corner - Hwy 22 and Hwy 567 North of Cochrane
